

Because I Want To

NOFX

Some brushes
Some paint
She's using a palate instead of razors
She's coloring outside the lines
And living life even further beyond them
Like they were never there Today I think I'll deface a street sign
Turn one way into three way
And do not enter to do not whine
Those signs are the rules for the street
But the rules in my life have turned into suggestion
Others are completely obsolete I'm gonna snort white shit right up my nose
I'm gonna get tied up with pantyhose
I'm gonna wear torn inappropriate clothes
Because I want to I'm gonna suck a clit
I'm gonna make a fist
I'm gonna be a polyamorist
I'm gonna check everything off my list
Because I want to Because I want to
Because I want to
Because I want to
Nothing's too taboo I get use when and how I like
I took control of my soul outright
I'll be a sadomasochistic dyke
Because I wanna be I'm gonna kick a hole
I'm gonna break a glass
I'm gonna fuck the world and kick its ass
I'm livin' in the moment not the past
Because I want to Because I want to
Because I want to
Because I want to
Nothing's too taboo Life's not fair
I'm glad it's not
You gotta play the hand
You gotta change the plot Remember your life has no blood
Theres always a second shot
Sometimes you gotta metamorphosize Life's too short for fights
And petty arguments
When there's so many delights
I can't forget that just a few months ago

I didn't know if I would see a tomorrow
I didn't know But I know one thing that's true
There's no reason that three can't be better than two
So i'm gonna make things right between us
Not because mom told me what to do Because I want to
Because I want to
Because I want to
Because I want to Because I want to
Because I want to
Because I want to
There's nothing I can do Because I want to Trashley, is that you?
No Susan, it's daddy
You're coming with me
