

Hear You Calling (Darkmoon Remix)

[Aurora](#)

Through the night I hear your voice
Draws me in, I have no choice
As I rise through the air your echo close
I see time stand still
As I'm watching the world below I can hear you calling
I can hear you calling
I can hear you calling my name
I can hear you calling
I can hear you call Across the sky, into the deep
Dream a dream, our love's complete
I look into the light, we're heaven bound
I reach out for your touch
As I'm falling without a sound I can hear you calling
I can hear you calling
I can hear you calling my name
I can hear you calling
