Come Back, Darling

Earl Scruggs

Tonight as I sit by my window
I'm reading your letter so true
I'm hoping to find it in your letter
Where you say I'll come back to you.Oh come back to me little darlin'
I miss you each day and each night
Oh come back to me little darlin'
Don't leave me alone all my lifeI know I can never be happy
No matter whatever I do
I know it's harsh and lonely without you
Oh won"t you come back and be true.Oh what will I do without you
My life is so lonely and blue
No matter what happens my darlin'
I just can't forget loving you.
