

# Come Back, Darling

[Earl Scruggs](#)

Tonight as I sit by my window  
I'm reading your letter so true  
I'm hoping to find it in your letter  
Where you say I'll come back to you. Oh come back to me little darlin'  
I miss you each day and each night  
Oh come back to me little darlin'  
Don't leave me alone all my life I know I can never be happy  
No matter whatever I do  
I know it's harsh and lonely without you  
Oh won't you come back and be true. Oh what will I do without you  
My life is so lonely and blue  
No matter what happens my darlin'  
I just can't forget loving you.
