

I Love Me Better Than That

Best Answer - Chosen by Asker
I love me better than that (Yeah)
I'm going to get my life back
As I look (as I look) in the mirror
A broken woman I see
Broken down by the streets of life's journey
That broken woman is me
So I take me a little ride
Back down memory lane
Past the verbal and the physical abuse and!
All the drama and the pain
I've got to flee from this crazy situation
Cause it's driving me insane
Now I'm packing up all of my broken pieces
And the little bit of strength that remains

Chorus!

Cause
I love me (I love me better than that)
Than to lay here and cry
Won't just stay here and die
I'm going to get my life back (I'm gonna to get my life back)
I know I made my mistakes
But it's never too late

Do I have any sisters
Who will agree with me
It's time to come to your senses
It's time to face reality
I hear you sister girl when you're saying
I just don't wanna be lonely
But it's impossible to love somebody else when!
You don't even love yourself
It's time to flee from this crazy situation
Cause it's driving you insane
So come on and pack up all your broken pieces
And all the strength that remains

Pick up yourself and say

Chorusâ€!

I love me better than that (I love me so much better)
Than to lay here and cry (Yeah)
Wonâ€™t just here and die
Iâ€™m going to get my life back (Get my life back, yeah, yeah)
Iâ€™m gonna get my life back
Get my life back
The enemy comes
To kill and destroy (But Iâ€™m gonna get my life back)
To take your hopes and dreams
And to steal all of your joy (I said Iâ€™m gonna get my life back)
But as a child of God
I hope you can see
That heâ€™ll renew your strength
And he will give you victory

Chorusâ€!

I love me better than that (I love me better)
Iâ€™m going to get my life back
Iâ€™m gonna take it back
You see Iâ€™m made up in my mind
I want my joy back
I want my peace back
I want my strength back
All my sisters help me sing
I want my joy back
I want my peace back
I want my strength back
I want my mind back
My self-esteem back
I want my keys back
Say it, say it, say it, say it
I want my mind back (Oh yeah)
My self-esteem back
I want my keys back
I want my hope back
I want my dreams back
So donâ€™t you come back (no, no, no, no, no, no, no)
I want my hope back (I want my hopes back)
I want my dreams back (Dreams back)

So don't you come back
I'm gonna get my life back

Cause I love me

I love me better than that (Yeah, yeah, yeah, yeah)
