

New World

Skydoesminecraft

First I open my eyes
Then I feel such a strange feeling
I had traveled to a world made of blocks
Totally unbeknownst to me

When you play mine - mine - minecraft
Mine - mine - minecraft
Mine - mine - minecraft
Ohhhhhhh

There were animals all across the land
Villagers working hard hand in hand
There were roses mountains and a big blue sea
Even trees as far as the eye could see
How'd this happen
Why am I here
What's my purpose in this place
Who's that coming
What am I hearing
As the night approaches I should go and hide

When you play mine - mine - minecraft
Mine - mine - minecraft
Mine - mine - minecraft
Ohhhhhhhh

Endermen and zombies creepers who go high
Either live or die it's up to me to decide

When you play mine - mine - minecraft
Mine - mine - minecraft
Mine - mine - minecraft
Ohhhhhh
