Oxygen

Tonight Alive

(Verse):
Inhale, hold, release
Forever bound in your net of safety
And it's the most dangerous place
I can be
Like torture to me
I can long to taste
Life without boundaries
And I'm not scared
Just let me breathe my oxygen(Chorus):
Open my eyes
I am alive (I am alive)
And I'm larger than life (larger than life)
Just let me breathe my oxygen
Leave the past behind
I have arrived (I have arrived)
I will light up the sky (sky)
If you let me breathe my oxygen
My oxygen (my oxygen)(Verse):
Turning my face towards the sun
Hearing the wind deny what he won
I'm looking for a sense of escape
Naked I
Am liberated
I'll never change
I'll stare my fears
In the face
Cause I'm not scared
Just let me breathe my oxygen(Chorus):
Open my eyes
I am alive (I am alive)
And I'm larger than life (larger than life)
Just let me breathe my oxygen
Leave the past behind
I have arrived (I have arrived)
I will light up the sky (sky)
If you let me breathe my oxygen(Bridge):
Rules are made for us to break
Chances meant for us to take

And all I know I will forsake
Determined to break away(Chorus):
Open my eyes
I am alive (I am alive)
And I'm larger than life (larger than life)
Just let me breathe my oxygen
Leave the past behind
I have arrived (I have arrived)
I will light up the sky (sky)
If you let me breathe my oxygen
My oxygen
If you let me breathe my oxygen
My oxygen
Just let me breathe my oxygen
