

# Oxygen

## Tonight Alive

(Verse):

Inhale, hold, release  
Forever bound in your net of safety  
And it's the most dangerous place  
I can be  
Like torture to me  
I can long to taste  
Life without boundaries  
And I'm not scared  
Just let me breathe my oxygen(Chorus):

Open my eyes  
I am alive (I am alive)  
And I'm larger than life (larger than life)  
Just let me breathe my oxygen  
Leave the past behind  
I have arrived (I have arrived)  
I will light up the sky (sky)  
If you let me breathe my oxygen  
My oxygen (my oxygen)(Verse):  
Turning my face towards the sun  
Hearing the wind deny what he won  
I'm looking for a sense of escape

Naked I  
Am liberated  
I'll never change  
I'll stare my fears  
In the face  
Cause I'm not scared  
Just let me breathe my oxygen(Chorus):

Open my eyes  
I am alive (I am alive)  
And I'm larger than life (larger than life)  
Just let me breathe my oxygen  
Leave the past behind  
I have arrived (I have arrived)  
I will light up the sky (sky)  
If you let me breathe my oxygen(Bridge):  
Rules are made for us to break  
Chances meant for us to take

And all I know I will forsake  
Determined to break away(Chorus):  
Open my eyes  
I am alive (I am alive)  
And I'm larger than life (larger than life)  
Just let me breathe my oxygen  
Leave the past behind  
I have arrived (I have arrived)  
I will light up the sky (sky)  
If you let me breathe my oxygen  
My oxygen  
If you let me breathe my oxygen  
My oxygen  
Just let me breathe my oxygen
