Every Minute, Every Hour

Dean Martin

EVERY MINUTE EVERY HOUR
(Ken Lane - Irving Taylor)
'68 Sands MusicEvery minute every hour my love grows in every way
Every minute every hour that's the way it goes every day
How I wish the days were longer every minute one more thrill
Every hour it goes stronger and it always will
I'll live for tomorrow when I know what's in store
I can be sure tomorrow will be sweeter than before
I'll do all within my power just to keep all brand new
Every minute every hour I'll spend loving you
Every minute every hour I'll spend loving you
