Fat Calmed Kiddos

Hinds

Dreams keep haunting, dreams stop growing
Endures half in time
Lips still hurting and my fears doesn't know itYou slept here for ten last night
Texting me while you were drunken
Whatever makes you happy makes me fine
But if you drive me one more time
I'd rather be fast, I'd rather be fastWhy do you always have to lie?
I knew you were rich cause I needed it dry
And you needed a breath cause you were out tonight
You're on the line
I seen you waving goodbye
I seen you waving goodbye
The piece you left me
I miss you in the nightHate so little, cries for triple
We say let's tally the shots
Fat Calmed Kiddos
you are touching all your videos
You're getting drunk, you can't hide
Saving you, my love, good work
I can't touch them, it's the season of your lies
Texting me while you were drunken
But I don't mind, I don't mind
Whatever makes you happy makes me fineWhy are you always on my mind?
I knew you were rich cause I needed it dry
And you needed a breath cause you were out tonight
You're on the line
I seen you waving goodbye
I see you waving goodbye
I won't be saying please don't let me
Please don't let me
Please don't let me
Please don't let me
