

# Hurricane Highlife (feat. Mawe)

## WDL

I don't care  
Fame in a cell  
Modern man replace me a bed  
Maggie May everything's gonna be away  
I can't relax myself  
But It keeps me alive  
Soon i'll be gettin my high  
Good life Won't blaze it down by the road  
Rollin & Goalin a mic that is old  
I won't struggle, for pleasure  
Sworn in the water, Well I need the sea  
You the science, me,  
I get the feeling that I won't retreat  
Won't, Won't, Sail, back home,  
Watch television, It's not what I do  
You can not be the one that i knew

You fell, so far, the world keep crumbling' I need to get back Hurricane Highlife, Somebody get this, Make me decide

Hurricane Highlife, I'm coming home

Hurricane Highlife, Somebody get this, Make me decide

Hurricane Highlife, I'm coming home I don't care

Fame in a cell

Modern man replace me a bed  
Maggie May everything's gonna be away  
I can't relax myself  
But It keeps me alive  
Soon i'll be gettin my high  
Good life Won't blaze it down by the road  
Rollin' & Goalin a mic that is old  
I won't struggle, for pleasure  
Sworn in the water, Well I need the sea  
You the science, me,  
I get the feeling that I won't retreat  
Won't, Won't, Sail, back home,  
Watch television, It's not what I do  
You can not be the one that i knew

You fell, so far, the world keep crumbling' I need to get back Hurricane Highlife, Somebody get this, Make me decide

Hurricane Highlife, I'm coming home

Hurricane Highlife, Somebody get this, Make me decide  
Hurricane Highlife, I'm coming homeI'm coming home  
I'm coming home
