

Forever in My Heart

[Danny Vera](#)

I remember how it was, playing soccer on our All Stars
There was not a thing in the world to worry about
We'd just watch the sun go down Those years are long ago
And a lot of memories I forgot
But he ones that I took with me
Oh, I will never let them go
Oh no I will never let them go
Forever in my heart, that's one thing I know
We used to hang around in the quiet part of town
Just some kids living in street
With nothing to do but talk about their dreams We had the same one then
We would try to make it there
Playing in that golden team
with all the players we used see score goals Oh no, I will never let that go
Forever in my heart that's one thing I know So we'll be heroes in some other time
Or in another dream of mine
We'll be walking in the hall of fame
And everybody knows our name We didn't make it there
But we really didn't seem to care
Just replaced our hopes and dreams
with a lot of booze and a bag of home grown weed
And now we're family men
Skip a birthday whenever we can
To watch a game or two
'Cause that brings us back to what we used to do Oh no, I will never let that go
Forever in my heart that's one thing I know
Forever in my heart that's one thing I know
