

# Military Drums (Extended Version)

**Hubert Kah**

I don't play these military drums on the head of my soul  
I don't pray for missionary stunts on the way to my  
goal.Jack is crying

looking so bizarreAnd he got his joints already broken in that beat  
He's divin' and we'll see him nevermore!  
I don't play these military drums on the head of my soul

...Who came

who came to meAnd drummed the prayers

I can't move from nowAnd my eyes collide with energy  
they're leavin' me no moreThose words are beatin' drums!

I don't play these military drums on the head of my soul

...No more tears and guns

no more deals in sons

no more guns!I don't play these military drums on the head of my soul

...

I don't play these military drums on the head of my soul

...

I don't play these military drums on the head of my soul

...
