Get That Girl

Joe Jackson

Hey you
I'm dancin' with your girl
Her head is in a whirl
She don't know who to turn toAlright
I'll leave her just this time
But she'll could soon be mine
And I could soon be hers tooOne night
Soon if I'm lucky gonna get that girl
Soon if I'm lucky gonna get that girl
I'm gonna make her mineOne night
Soon if I'm lucky gonna get that girl
Soon if I'm lucky gonna get that girl
I'm gonna make her mineHe sits there drinkin' gin and
She sits there drinkin' beer like me
He's timing every move but
She's only killing time like meAnd of course
What will be will have to be
But I trade carefully
It could be a case of right place, right timeHey you
I'm dancin' with your girl
Her head is in the whirl
She don't know who to turn toAlright
I'll leave her just this time
But she could soon be mine
And I could soon be hers tooOne night
Soon if I'm lucky gonna get that girl
Soon if I'm lucky gonna get that girl
I'm gonna make her mineOne night
Soon if I'm lucky gonna get that girl
Soon if I'm lucky gonna get that girl
I'm gonna get her, I'm gonna get herHey you
I'm dancin' with your girl
Her head is in the whirl
She don't know who to turn toAlright
I'll leave her just this time
But she could soon be mine
And I could soon be hers tooOne night
Soon if I'm lucky gonna get that girl
Soon if I'm lucky gonna get that girl

I'm gonna make her mineOne day
Soon if I'm lucky gonna get that girl
Soon if I'm lucky gonna get that girl
I'm gonna make her mineGet that girl
Gonna get her, gonna get her
Get that girl
Gonna get her, gonna get her, hey
Get that girl
I'm gonna make her
I'm gonna make her mine
