Party In My Head

Sophie Ellis-Bextor

There's a party in my head
Won't let me go to bed
Have to stay up instead
Go to the party in my head
We're divorced before we're wed
I'm reborn before I'm dead
Straight from the mouth of Mr. Ed
Invited to the party in my head
Stop that banging on the wall
I won't turn down the noise at all
I'm footloose and fancy free
My head the place to be
There's a party in my head
(In my head)
I can't remember what you said
(You said)
The sad truth's, I'm poorly bred
Raised at the party in my head
There's an orgy like Club Med
(Club Med)
Where everybody rocks my bed
(My bed)
Your baby wonders where you fled
Came at the party in my head
Though you may call 999
They will hang up every time
It's too late they're here with me
Off their heads and on the beat
There's no charge the entry's free
I gave the doorman a kiss, you see
And all the guests mix brilliantly
'Cos I am them and they are me
I threw away my high street cred
(High street cred)
To have a life instead
(Life instead)
Repeat the words that I just said
To go to the party in your head
Head, head, head

In my head, head, head
In your head, head, head
In my head, head
A party in your head, head, head
(There's a party in my head)
In my head, head, head
In your head, head, head
(Won't let me go to bed)
In my head, head
A party in my head, head, head
(There's a party in my head)
In your head, head, head
In my head, head, head
(Have to stay up instead)
In your head
There's a party in my head
