She Comes To Me

James Otto

Every night when the sun goes down
She takes a drive to my side of town
Needin' somethin' that she ain't found
So she comes to me
The only thing that he's done wrong
Is leavin' her alone too long
He's always workin', he's always gone
So she comes to me
She just needs somethin'
That'll pass time just like the last time
She just wants
Two arms to hold her tight
And I'm someone
That'll love her and let her leave
So she comes to me
Yeah, she comes to me
He buys her clothes and fancy things
She's got the house and diamond rings
But he don't give her everything
So she comes to me
She's lookin' for another role
Some feeling that she used to know
I kiss her soft, I kiss her slow
So she comes to me
She just needs somethin'
That'll pass time just like the last time
She just wants
Two arms to hold her tight
And I'm someone
That'll love her and let her leave
So she comes to me
Yeah, she comes to me
She just needs somethin'
That'll pass time just like the last time
She just wants
Two arms to hold her tight
And I'm someone
That'll love her and let her leave
So she comes to me

Yeah, she comes to me
So she comes to me
Yeah, she comes to me
