

# She Comes To Me

James Otto

Every night when the sun goes down  
She takes a drive to my side of town  
Needin' somethin' that she ain't found

So she comes to me

The only thing that he's done wrong  
Is leavin' her alone too long  
He's always workin', he's always gone

So she comes to me

She just needs somethin'  
That'll pass time just like the last time

She just wants

Two arms to hold her tight

And I'm someone

That'll love her and let her leave

So she comes to me

Yeah, she comes to me

He buys her clothes and fancy things  
She's got the house and diamond rings

But he don't give her everything

So she comes to me

She's lookin' for another role

Some feeling that she used to know

I kiss her soft, I kiss her slow

So she comes to me

She just needs somethin'  
That'll pass time just like the last time

She just wants

Two arms to hold her tight

And I'm someone

That'll love her and let her leave

So she comes to me

Yeah, she comes to me

She just needs somethin'  
That'll pass time just like the last time

She just wants

Two arms to hold her tight

And I'm someone

That'll love her and let her leave

So she comes to me

Yeah, she comes to me  
So she comes to me  
Yeah, she comes to me
