

# Ben

## Jackson 5

Ben, the two of us need live no more  
We've both found what we were looking for  
With a friend to call my own, I'll never be alone  
And you my friend will see, you got a friend in me  
(You got a friend in me) Ben, you're always running here and there  
You feel you're not wanted anyway  
If you ever look behind and don't like what you find  
There's something you should know, you gotta place to go  
(You gotta place to go) I used to say I and me, now's it's us, now's it we  
(I used to say I and me, now's it's us, now's it we) Ben most people would turn you away  
I don't listen to word they say  
They don't see you as I do, I wish they would try to  
I'm sure they'd think again if they had a friend like Ben, like Ben  
(A friend)
