Osamerarete orimasen----------
You can see through the window
The lights from
The skyscrapers
It looks like
A starry
Night
It looks a bit like thatIf I am not
Wrong
When I was a kid
Alone
Dad and mom
Not home
As I looked
Outside the window
The stars pulled me out
And I flew through the skyThrough the window
I could see
The darkness of night
I feel like
Listening to your voice againIf I am not
Wrong
The first time we met
It was a very
Starry nightThe beautiful people
Who live in the beautiful star
The people I long to meet
From the beautiful
Star
Will remember me
Some dayFrom the window
You can see
The skyscrapers' lights
Just like
A starry night

I once sawThe beautiful people
Who live in the beautiful star
The star I miss
The star far away
Those beautiful people
Will remember me
Some day(hosokawa toshiyuki:)
