

# Roll Off

## Petey Pablo

Who rang my phone?  
That boy gon be a singer one day fo real  
Naw, man get serious for a minute  
I said and I said and I said  
'Cuz he told me, 'cuz he told me, 'cuz he told me Why should I worry about what people say?  
When they gon talk about me anyway  
They gon make up all sort of thangs  
I just got to be the bigger man and let it roll off The talk dont bother me  
I believe in me if nobody else does  
And let it roll off just like the one  
And only feather of a dove's back, yeah, I said You know it probably wouldnt worry me so much  
If I was out there and behind closed doors  
I was what they call caught up  
Stealin' donkin' and drugs, livin' reckless  
And takin' advantage of all I worked so damn hard for Really needed help, but afraid to ask  
Lonely, depressed, or just needed someone else  
On the verge of givin' up, paranoid, scared  
Totally overlookin' how much I been blessed How could you understand what you say they said  
And most of all why they said it, and I just nod my head  
When you wrong youre wrong, Ill admit it  
Ill confess to anything if I did it But to spread unnecessary lies, I dont get it  
How could you find enjoyment in my business?  
You know what, forget it, talk my nigga  
If you wasnt talkin' about me, I probably miss ya Why should I worry about what people say?  
When they gon talk about me anyway  
They gon make up all sort of thangs  
I just got to be the bigger man and let it roll off The talk dont bother me  
I believe in me if nobody else does  
And let it roll off just like the one  
And only feather of a dove's back, yeah, I said Petey doin' this, Petey doin' that  
I seen Petey here, but what he doin' there?  
Why you dont come and ask, it ain't gon make me mad  
I respect that more than you doin' it like you have Botherin' my family scarin' them to death  
Why you talking to them about me  
When you can talk to me yourself  
I might blast back, lose it and tear into your ass  
Or I could be a man about it and talk and clear the air But you dont never know that 'cuz you wont take the  
chance  
What that mean? You missin' somethin' in the crotch of your pants

He can make me laugh, 'cuz sometime the story can be so outrageous  
Cant say nothing but damn you know what I really am? Beyond that her momma told me somethin' one day  
And I aint forgot it if they scared to my lie  
To my Heavenly Fathers precious name  
Then who am I to complain? Why should I worry about what people say?  
When they gon talk about me anyway  
They gon make up all sort of thangs  
I just got to be the bigger man and let it roll off The talk dont bother me  
I believe in me if nobody else does  
And let it roll off just like the one  
And only feather of a dove's back, yeah, I said I dont care, go head  
Stop, get away from here  
Leave me alone, leave me alone  
Leave me alone, leave me alone I dont care, go head  
Stop, get away from here  
Leave me alone, leave me alone  
Leave me alone, leave me alone The rumors you spread dont bother me  
The lies you tellin' dont bother me  
I thought about it  
And I wouldnt be no better than you I dont care, go head  
Stop, get away from here  
Leave me alone, leave me alone  
Leave me alone, leave me alone Why should I worry about what people say?  
When they gon talk about me anyway  
They gon make up all sort of thangs  
I just got to be the bigger man and let it roll off The talk dont bother me  
I believe in me if nobody else does  
And let it roll off just like the one  
And only feather of a dove's back, yeah Why should I worry about what people say?  
When they gon talk about me anyway  
They gon make up all sort of thangs  
I just got to be the bigger man and let it roll off The talk dont bother me  
I believe in me if nobody else does  
And let it roll off just like the one  
And only feather of a dove's back, yeah, I said, I said
