

You Ruin the Day

Danko Jones

Honey it's the same how you always playing games are meant to do it right

If we could only come to a middle ground I swear we'd have a wilder time

I wanna dooo you every which way that makes you satisfied

But baby if you wanna run I be cool I've had my fun but should been moving on Gimme just one reason not to doubt you

You're fuckin' nuts but I'm nothing without you? (You lied, getting love) for making out
From ruining the day

? (The jeans' up), I caught you now

But baby its okay I've got a wandering eye it's never ever said but doesn't mean a thing

Taking stride well unless I'm getting by (?) from ruin you

You gotta move best you're just a l-little hesitant

Your insecurity is driving me just a little crazy I need medicine

Gimme just one reason not to trust you

You're fucking nuts but I'm nothing without you? (You lied, getting love) for making out
From ruining the day

? (The jeans' up), I caught you now

But baby its okay Just turn around and walk right out

Well my (?) is done

Just making sure you got it done

? (Appretiate) follow soon

Cut your loss (?)

(?)

I'm not afraid to go out and say

What is really on my mind Gimme just one reason not to doubt you

You're fuckin' nuts but I'm nothing without you

? (You lied, getting love) for making out

From ruining the day

? (The jeans' up), I caught you now

But baby its okay? (You lied, getting love) for making out

From ruining the day

? (The jeans' up), I caught you now

But baby its okay
