Heaven Denies

Demons & Wizards

Stained the land
Milleniums I've prayed
Now I know there's no releaseSince paradise is lost, I hold a crown
I know your name but I am just your
Fallen angel of doomThus heaven denies
Refused for all times
I am not guilty at allDeadlands, Wastelands
Darkness will cover my mind
And oblivion shall reignI made up my mind
And oblivion shall reign
Through the nightDeadlands, Wastelands
Darkness will cover my mind
And oblivion shall reignStill we are one
You and I realize
I did what you wanted me toThe lack of pure souls
And the fading light
It's me, you blameFirst there was light
Then came the night
Cruel nothingnessThus heaven denies
Refused for all times
I am not guilty at allDeadlands, Wastelands
Darkness will cover my mind
And oblivion shall reignI made up my mind
And oblivion shall reign
Through the nightDeadlands, Wastelands
Darkness will cover my mind
And oblivion shall reignDeadlands, Wastelands
Darkness will cover my mind
And oblivion shall reignHope turns to despair
There's no one in these barren lands
The lust for light, I'm sure that it will fade, it will fade
Spiritus Sanctus, Spiritus SanctusThe lust for light, I'm sure that it will fade
Spiritus Sanctus, Spiritus SanctusEternal hell
