

# Wolves of Winter

[Biffy Clyro](#)

Record this?! You are no exception  
There are no reruns  
Justify your reasons  
Now it is my turn We are the wolves! How's it gonna feel when there's no one to support ya?  
How's it gonna feel when you're standing there alone? You are no exception  
There are no reruns  
Justify your reasons  
Now it is my turn Your fits of paranoia  
Drive your every whim  
Well have you seen her? This unbearable creature This is the point we have the choice to be happy together We  
have achieved so much more than you possibly thought that we could  
Well now you see me  
You can achieve anything. Just remember, no I in team  
There's two in brilliant We are the wolves of winter  
We live in a kingdom of blood When you gonna rise with a man you can dispose of?  
When you gonna try to boil my last bone? This is true obsession  
Take me and my worth  
Subtle as a [?]  
More than just a scar You stink of hallelujah  
But you wash yourself in sin  
But have you seen her? This heavenly creature This is the point we have the choice to survive the winter We have  
achieved so much more than you possibly thought that we could  
Well now you see me  
You can achieve anything. Just remember, no I in team  
There's two in brilliant We are the wolves of winter  
We live in a kingdom of blood [Guitar Solo] We are the wolves of winter  
We live in a kingdom of blood
