Safe And Sound

Alex Goot, Chad Sugg & Luke Conard

Can't believe you're here now
Tiny dream come true
The answer to a prayer now
I'm so in love with you
Couldn't wait to meet you
Hope you like your name
I get the funny feeling
Life will never be the same

Safe and sound
You're here with me now
Like I hoped you'd be
Safe and sound
You're here with me now
And that's all I'll ever need

The world's a scary place here
But baby it's alright
I'll make sure the coast is clear
So you can just sleep tight
But if you're afraid of monsters
Like everybody is
I'll be right beside you
Closer than a kiss

Safe and sound
I'm here with you now
And you will always be
Safe and sound
I'm here with you now
And that's all you'll ever need

Someday I'm gonna teach you
The reason why we pray
So that heaven's love may reach you
Every single day
So, baby close your eyes now
And say a prayer with me
Lord, I lay me down to sleep now

But I know I will be

Safe and sound
You're here with us now
And we will always be
Safe and sound You're here with us now
And that's all we'll ever, all we'll ever need
You're all we'll ever need
