

# Devil Woman

## Riot

I've had nothing but bad luck  
Since the day I saw the cat at my door  
So I came into you sweet lady  
Answered in your mystical course  
Crystal ball on the table  
Showin' the future the past  
Same chapel of evil eyes  
And I knew it was the spell she cast  
She's just a devil woman with evil on her mind  
Beware the devil woman she's gonna get you  
She's just a devil woman with evil on her mind  
Beware the devil woman she's gonna get you from behind  
Give me the ring on your finger  
Let me see the lines on your hand  
I can see me a tall dark stranger  
Giving you what you hadn't planned  
I take the potion she offered me  
I found myself on the floor  
Then I looked in those big green eyes  
And I wondered what I came there for, oh  
She's just a devil woman with evil on her mind  
Beware the devil woman she's gonna get you  
She's just a devil woman with evil on her mind  
Beware the devil woman she's gonna get you from behind  
From behind, from behind  
I don't want you anymore and stay away  
If you're out on a moonlit night  
Be careful of the neighborhood strays  
Have a lady with long black hair  
Try to win you with her feminine ways  
Crystal ball on the table  
Showin' the future the past  
Same chapel of evil eyes  
You better get out of there fast  
She's just a devil woman with evil on her mind  
Beware the devil woman she's gonna get you  
She's just a devil woman with evil on her mind  
Beware the devil woman, ooh, ooh  
She's just a devil woman you know  
She's gonna hide beware the devil woman from behind  
She's just a devil woman  
Beware the devil woman, ooh  
She's the one  
She's just a devil woman, yeah  
Beware the devil woman  
She's just a devil woman  
She's gonna get you
