

# Cheap Beer And Nicotine

## Hellsonics

Cheap beer and nicotine,  
I got a favor, intoxicate me!

Cheap beer and nicotine,  
I told you so, it's been about two years!

Show me, my life, is fading away (fading away).  
Like the smoke from a cigarette, vanished, in the air.

Push back, the empty space, inside my head.  
I can't go, no I can't go back, release me! Release me!

Cheap beer and nicotine,  
Driving all night, just to ease, my pain.

Cheap beer and nicotine,  
Intoxicate me, yeah, and rearrange me!

Show me, my life, is fading away (fading away).  
Like the smoke from a cigarette, vanished, in the air.

Push back, the empty space, inside my head.  
I can't go, no I can't go back, release me! Release me!

Cheap beer and nicotine, driving all night, driving all night.  
Cheap beer and nicotine, driving all night, driving all night.

Show me, my life, is fading away (fading away).  
Like the smoke from a cigarette, vanished, in the air.

Vanished in the air!

Driving all night, to ease my pain.  
Driving all night, to ease my pain.

Yeah, cheap beer and nicotine.
