

# Rocking Now

## Guided By Voices

Wrecking now  
I can say no way but she's calling out my vice  
Wrecking now  
And so I'm through with you She's repeating now  
She's repeating now  
She's defeated now  
Wrecking Wrecking now  
Turning on all the boys  
And the boys have lost their minds  
Wrecking now  
And so I'm through with you
