Forever Shine

Mirusia

This moment, this chance,
Tonight you will fly,
Like eagles so high,
We will soar and you will touch the sky,
On angels wings the stars align
Our hearts intertwine.

Love's not a dream,
It lasts eternally,
Inside your heart so deep,
We let time pass us by
and the stars light up the night,
Our love will always shine,
Forever shine
Forever shine

Enchanted, romance,
and for us time stands still,
My heart beats so fast,
For you it always will,
I never thought, you'd be mine,
I'm yours till the end of time.

Love's not a dream,
It lasts eternally,
Inside your heart so deep,
We let time pass us by
and the stars light up the night,
Our love will always shine,
Forever...

Bridge:
See the love shine from inside me,
It is captured in my heart
Love's not a dream,

It lasts eternally

Love's not a dream,
It lasts eternally,
Inside your heart so deep,
We let time pass us by
and the stars light up the night,
Our love will always shine,
Forever shine
Forever shine

We let time pass us by
and the stars light up the night
Our love will always shine,
Forever shine
Forever shine
Forever shine

FOREVER SHINE!!
