Can we light up the room ? Right now
Oh please tell me lady
What you what you wanna do 'cause i already cut a rug
And i got some new moves i wanna try
Come on let's get it started about to turn up the party
Put your hands on my body don't stop 'til we get it on
Come on let's get it started about to turn up the party
Put your hands on my body
Hey baby baby we can dance all night
Shawty all you gotta do is
Hold me tight I'm a ask you one more time
Can we can we can we cut a rug ?
Shake it move it fast
Shake it move it slow
I just wanna dance with my baby I just wanna dance with my lady

So come on let's get it started about to turn up the party
Put your hands on my body don't stop 'til we get it on
Come on let's get it started about to turn up the party

Hey baby baby we can dance all night
Shawty all you gotta do is
hold me tight I'm a ask you one more time
Can we can we can we cut a rug ?

Put your hands on my body don't stop 'til we get it on
