

# Decrease

**Todd Galberth**

Lord I decrease so you can increase  
Have Your way through me  
Don't let my will get in the way  
Don't let my flesh drive you away  
Lord I decrease  
Have Your way through me  
Lord I decrease so You can increase  
Have Your way through me Don't let my will get in the way  
Don't let my flesh drive You away  
Don't let my will get in the way  
Don't let my flesh drive You away  
Don't let my will get in the way  
Don't let my flesh drive you away  
Don't let my will get in the way  
Don't let my flesh drive You away Don't let my will get in the way  
Don't let my flesh drive You away Lord I decrease  
Have Your way through me Don't let my will get in the way
