

Howl

Beware of Darkness

Lay down, heaven can wait
You think you're right, I think you can change
Draw some blood, I'm not going hungry tonight
Won't it be fun, to Howl in the night?Howl
So that the angels can hear youYeah
'Catch me if you can
My, my, my,
I'm a hungry man
Oh oh
Catch me if I fall
Baby girl I wanna hear you howl!Cut strings you think too much
I can't wait this long for a rush
A misery to be alone
How'd you want to be the lonely one?Howl
So that the angels can hear youYeah
'Catch me if you can
My, my, my,
I'm a hungry man
Oh oh
Catch me if I fall
Baby girl I wanna hear you howl!(I want to hear you Howl)Oh child when will you see the light?
No no I won't give up the fight
No no when will you see the light?
Oh child I won't give up the fightYeah
'Catch me if you can
My, my, my,
I'm a hungry man
Oh oh
Catch me if I fall
Baby girl I wanna hear you howl!
