Put You In A Song

Keith Urban

Well, here you come again and you're looking so fine
You don't notice me but it's alright
I'm just a guy who wishes that I could be your man someday
Yeah, a picture paints a thousand words, it's true
But it's still not enough for how I feel about you
I wanna put you in a melody, I gotta set you to a groove
I wanna put you in my car and drive
And turn you up loud
Roll down all the windows and shout it out
I love this girl
If I could press play, repeat, how happy I'd be
Wherever I'd go I'd have you there with me
You'd be right where you belong
I wanna put you in a song
Well, I'll sing about your smile and your pretty blue eyes
The way your hair shimmers in the sunlight
It'd be so easy, I'll just write it from my heart
'Cause I gotta tell the world what you mean to me
Wrap you up in a melody
So you'll be stuck in my head all day
'Cause you're already there anyway, yes you are
I wanna put you in my car and drive

And turn you up loud
Roll down all the windows and shout it out
I love this girl
If I could press play, repeat, how happy I'd be
Wherever I'd go I'd have you there with me
You'd be right where you belong
I wanna put you in a song
And if I get it right everybody will be singing along, oh yeah
And when they see you on the street they'll say
"Hey, ain't you the girl in that song?"
I wanna put you in my car and drive
And turn you up loud
Roll down all the windows and shout it out
I'm in love with this girl
Yeah, if I could press play, rewind a couple million times
Imagine for a moment that you're all mine

Every night I'd drive you home
If I could put you in a
Let me put you in a song
Let me put you in a song
Oh, a pretty little song about you, baby
