

# Fired Up

## Funky Green Dogs

You got me fired up, fired up  
You got me so  
You got me fired up, fired up  
You got me so  
You got me fired up, fired up  
You got me so

When i see you, make me lose all control  
Like a fire burning deep in my soul, yeah  
And when i feel you it feels like i'm in heaven  
It goes on forever like a dime on a roll  
And when i hear you calling it's like heaven  
I'll wait here forever till i'm out of the cold, yeah  
And when i hear you calling i'm in heaven  
We'll be there together, no i won't be alone

You got me fired up, fired up  
You got me so  
You got me fired up, fired up  
You got me so  
You got me fired up, fired up  
You got me so  
You got me fired up, fired
