Girl Like You

Hot Chelle Rae

You're looking like a million dollars
If love is money, I'm a baller
You always answer when I call ya
Alright, alrightYou got me noticing your haircut
I even know your favorite Starbucks
I might even pull my pants up
Alright, alrightI never thought I'd delete my ex's number
I never thought I could change, yeah
Now I'm doing everything I swore I'd never doBut I've never met a girl like you
A girl like you
Second to none, yeah girl, the one, it's true
Oh, I've never met a girl like youWell, I was kinda broken-hearted
Till you swept me off the market
Now we're shopping down in Target
Alright, alrightYou like everything that I like
We even watch the game on date night
And you never pick a dumb fight
Alright, alrightI never thought I'd delete my ex's number
I never thought I could change, yeah
Now I'm doing everything I swore I'd never doBut I've never met a girl like you
A girl like you
Second to none, yeah girl, the one, it's true
Oh, I've never met a girl like you
A girl like youNow I'm doing everything I swore I'd never do
But I've never met a girl like you
A girl like you
Second to none, yeah girl, the one, it's trueOh, I've never met a girl like you
A girl like you
Second to none, yeah girl, the only one, it's true
Oh, I've never met a girl like you
A girl like youYeah
I'm doing everything I swore I'd never do
I've never met a girl like you
