

N.F.B (Nice Fucking Ballad)

Anthrax

Fell in love at first sight
I can't explain the feelings
When I first saw you
We were so so happy
A lifetime of love sweet honey child
You will always be mine But then I played the fool
I never meant to hurt you
Or sleep with all your friends
We reconciled, we found ourselves
Our love was meant to be
Oh baby can't you see You left me standing in the mud
Crying to myself
A heart so full of pain
But we found our love again
This time forever
True love with bells
She got hit by a truck
