Buzzcocks

This is to you receiver
An important item we say
Nobody will believe you-
We make the facts today
There is no propaganda-
There is no proper facts
We want to make new history
We want to take you off the tracksIt's coming on the airwaves
Coming on the airwaves
Coming on the airways dreamWe're coming on the airwaves
Coming on the airwaves
Coming on the airwaves dreamThis is to you believer-
We're inside your head today
There's nothing you will need now-
We are your government okay
You're channeled here
Stay off channel fourteen
When we say we're mean
We mean what we meanIt's coming on the airwaves
Coming on the airwaves
Coming on the airwaves dreamWe're coming on the airwaves
Coming on the airwaves
Coming on the airwaves dreamThis is your country leader-
Our intention is eloquent tricks
