

Everything I Own

Blue System

Do you wanna come dancing, honey?
Come take the chance of love
Oh, don't do it too hot to stop it
Come, call me Dr. LoveLove is a dangerous game
Oh, gimme, gimme what I need tonight
Come in my arms again
Baby, my love is deep inside
Deep insideI'll give you everything I own
I'll give my love, my heart, my home
I'm tossing and turning, my heart is burning
The rest of my lifeI'll give you everything I own
I'll give my love, my heart, my home
Forever and ever, staying together
The rest of my lifeRock me, baby, oh, be my lady
Oh, let the good times in
Now or never, never say never
You're my everythingIf we should lose the love
The pain is in my heart, is in my soul
In need that sweet, sweet stuff
Oh baby, I can feel I'll lose control
Lose controlI'll give you everything I own
I'll give my love, my heart, my home
I'm tossing and turning, my heart is burning
The rest of my lifeI'll give you everything I own
I'll give my love, my heart, my home
Forever and ever, staying together
The rest of my lifeI'll give you everything I own
I'll give my love, my heart, my home
I'm tossing and turning, my heart is burning
The rest of my lifeI'll give you everything I own
I'll give my love
