I Was Here

Lady Antebellum

You will notice me

I'll be leaving my mark like initials carved

In an old oak tree, you wait and seeMaybe I'll write like Twain wrote

Maybe I'll paint like Van Gogh

Cure the common cold, I don't know

But I'm ready to start cause I know in my heartI wanna do something that matters, say something different Something that sets the whole world on its ear

I wanna do something better with the time I've been given

I wanna try to touch a few hearts in this life

Leave nothing less than something that says I was hereI will prove you wrong

If you think I'm all talk, you're in for a shock

'Cause this dream's too strong and before too longMaybe I'll compose symphonies

Maybe I'll fight for world peace

'Cause I know it's my destiny

To leave more than a trace of myself in this place! I wanna do something that matters, say something different Something that sets the whole world on its ear

I wanna do something better with the time I've been given

I wanna try to touch a few hearts in this life

And leave nothing less than something that says I was hereAnd I know that I, I will do more than just pass through this life

I'll leave nothing less than something that says I was here
I was here
