

Hear Me Out

Ben Kweller

Breakin' the Rubik's cube
Makin' me lose the beat
Blue jean baby girl
We are an apogee
Down in the Christmas tree
Hear me out
You don't know I'm here
(Hear me out)
You don't know I'm here
(Hear me out)
You don't know I'm here
I want it all too soon
Faster than laser beams
Come on people now
Take your depressed friends out
They need a love to stay
Hear me out
You don't know I'm here
(Hear me out)
You don't know I'm here
(Hear me out)
You don't know I'm here
I wanna come and play
Outside your bedroom gate
I wanna pick you up
Blue jean baby girl
Take me to outer space
Phew, I found it now
All of the common places are in their face
The world is trapped inside
Takin' me for a ride
And I don't know your name
Hear me out
You don't know I'm here
(Hear me out)
You don't know I'm here
(Hear me out)
You don't know I'm here
You don't know I'm here

(Hear me out)
You don't know I'm here
(Hear me out)
You don't know I'm here
(Hear me out)
You don't know I'm here
(Hear me out)
You don't know I'm
