

# Star Gazing (feat. Josh Heinrichs)

## Zack Mufasa

(Chorus)

When I look up at the stars and Iâ€™m wondering  
Is she still awake or slumberin  
I get the call from my one and only ride or die  
I said baby wonâ€™t you look up in the sky  
Cause even tho youâ€™re nowhere near  
Under this moon it feels like youâ€™re right here  
Not so lonely for awhile and itâ€™s truly amazing

(Hook)

When weâ€™re both star gazing

(Said oh oh oh)

Following the stars just to find my way home

(Said oh oh oh)

Following the stars just to find my way

Iâ€™ve been up on the roof for a long time now  
But I gotta touch base with my woman somehow  
Busy signal keeps on bumpin but I just canâ€™t wait  
Gotta make it back to November before it gets too late  
Because thereâ€™s many miles left to go yeah I know  
For the next destination ima bag real show  
And I donâ€™t want my little love to have to worry  
Iâ€™m focused on the grind and Iâ€™ll be back in a hurry

(Hook)

(Said oh oh oh)

Following the stars to find my way home

(Said oh oh oh)

Following the stars just to find my way

(Chorus)

When I look up at the stars and Iâ€™m wondering  
If sheâ€™s still awake or slumbering  
I get the call from my one and only ride or die  
Oh baby would you look up at the sky  
Cause even though weâ€™re nowhere near  
Under this moon it feels like youâ€™re right here  
Not so lonely for awhile and itâ€™s truly amazing

When weâ€™re both stargazing

(Said oh oh oh)

Following the stars just to find my way home

(Said oh oh oh) following the stars just to find my way

Josh Heinrichs

Baby oh oh oh

Said baby itâ€™s you

I see doing that thing that you do

Yeah yeah

Making that love babe so brand new

Yeah

Baby I said making me follow the stars back home to you

(Said oh oh oh) youâ€™ll have me following the stars back home to you

(Chorus)
