

Confrontation

Damian "Jr. Gong" Marley

Mr. president, distinguished delegates, Since the beginning of modern civilization
Generations have witnessed and inherited the only conflicts of world wars
But behold the marriage supper of the lamb and the bridegroom onto his bride
Then shall the earth's children know the true expression of one love
Then mother earth shall honeymoon in peace.

Forever eliminating the aspirations, lust and anguish of wars and rumors of wars, Selah! See it deh know the
innocent going up in vapors

And propaganda spreading inna the Sunday papers
not even superman coulda save you with him cape cause
Red-a judgement a blaze, blaze ya

And Babylon a gamble the youth dem life like racehorse
And gi dem a uniform and a shave dem head with razors
And now the clock a strike war, don't be amazed 'cause

Inna dem churches tryin' to save, saviors Can we do it? we can do it, we shall do it! Boom! Tell dem fe uh draw
mi out when the world government inna falling out

Only few men survive crawling out
Run left him colleagues dem sprawling out, nearly dead!
Medic haffi haul him out

And give him two tranquilizer fi stall him out, deh pon base!
Can't get no calling out when him hear from the shout last week
Him mistress find a new shoes

Wife can't get no news and lately she starting to doubt, she still searching!
And the youth dem bawling out

Working hard not to let it all come out
Well it's not safe to go walk about

A slaughterhouse from Baghdad to water house
She start to arouse sometime she want a spouse
She start go out, start beat a darker stout, guns come out!

Working people funds run out
Keep a show last week and no one come out, bombs come out!
Mi gas tank just run out, bombo clatt!

The scotch tape just run out, weed run out!

Yuh senses must dumb out, mi have a pound round a back deh a gwan sun out
Nah come out! 'Til the chalice bun out,

Nah come out! 'Til the malice bun out, a war! Zimbabwe to berlin wall

Blazin' like a burnin' ball, loose ball, dat no work, in war
Sleeping, dat no work..in war
Can't wear jheri curl, in war
No diamond and pearl, in war

Can't drink weh a serve, in bar
Gas wi fuck up yuh nerves, in war
Shot wi blood up yuh shirt, in war
Can't go lift up no skirt, in war
Now disease and germs, in war
Can't go release your sperms, in war
Stamina must preserve, in war
Fire constantly burn, in war

Red, it red, it red, it red, it red! If you cannot do it, if you are not prepared to do it, then you will die.

You race of cowards, you race of imbeciles, you race of good for nothings

If you cannot do what other men have done

What other nations have done, what other races have done

Then you yourself shall die. See it deh know the innocent going up in vapors

And propaganda spreading inna the Sunday papers

not even superman coulda save you with him cape cause

Red-a judgement a blaze, blaze ya

And Babylon a gamble the youth dem life like racehorse

And gi dem a uniform and a shave dem head with razors

And now the clock a strike war, don't be amazed 'cause

Inna dem churches tryin' to save, saviors Hey, now wi fore parents sacrifice enough

Dem blood sweat and tears run like syrup

Any day a revolution might erupt, and the sky's over Kingston lighting up

For the new generation rising up, of youths now a days weh dem sighting up

And through reasoning dem biding up,

Searching for the sign and the sign is us,

Searching for the truth all you find is us,

Searching for the troops still behind is us,

The almighty we recruit and we come from the root

We build like roach building boot

Weh just can't done, Rastafari' design me tuff

If a the fight for freedom sign me up

Cause you tell-lie-vision can't blind me up

Soldiers and police dem wising up, realizing they're no more right than us

Realizing there's no use fighting us

Realizing their opening their eyes to see the same demoralizing life as us

So we nah tek talk nor smiling up

Cause the word temper tantrum boiling up,

And who alling the shots and nah bust none

Controlling the mind of the young, bring down Bear famine, no rain nah fall from London to Dadeland mall

All the son of the virgin bawl, institute of the church in war

Preaching and researching war

Practice and rehearsing war

Teaching and dem learning war

Instigating and urging war

Always keep alert in war

Cause man will jump out a swerving car
Now bees and birds in war
And the freaks and nerds in war
And the straight and curves in war
Forward and reverse in war
Red, it red, it red, it red, it redIf you cannot do it, if you are not prepared to do it, then you will die.
You race of cowards, you race of imbeciles, you race of good for nothings
If you cannot do what other men have done
What other nations have done, what other races have done
Then you yourself shall die.
