

4 Minute Warning

Radiohead

This is just a nightmare
Soon I'm gonna wake up
Someone's gonna bring me 'roundRunning from the bombers
Hiding in the forest
Running through the fields
Laying flat on the groundJust like everybody
Stepping over hills
Running from the undergroundThis is your warning
4 minute warningI don't wanna hear it
I don't wanna know
I just wanna run and hideThis is just a nightmare
But soon I'm gonna wake up
Someone's gonna bring me 'roundThis is our warning
4 minute warning
