

Grounded

Kevin Borich Express

When aid turned sideways
And head on down the highway
 Say, "This is my way"
 Disappearing forever
But there ain't just one way
 So you choose the fun way
 Slide down the runway
On a ticket that goes two ways
 And by the way that it sounded
You thought that you'd be astounded
 But you left it like you found it
 'Cause it wasn't yours to take
 What once seemed like dying
 Soon turned into flying
 So you settle for trying
And you wish you were grounded
 No you cannot get much higher
 Than your utmost desire
 So you bring it down to size and
 Now it seems that you are grounded
Grounded, grounded, grounded, grounded
 By the way that it sounded
You thought that you'd be astounded
 But you left it like you found it
 Now you find that you are grounded
