

# Get Mine

Tamar Braxton

1- As long as I get mine  
It really don't matter to me  
It really don't matter to me  
If I give you what I want  
Give me what I want  
Hit me off and baby I'm straightRepeat 1Boy I heard that you're girl  
Thinks that you are the one  
I know she know about me  
And I don't care if she's  
Hating me just as long  
As you keep getting me  
Diamond rings and all those things  
That just makes me happyRepeat 1(2x)Tell your girl don't call me  
When she finds out that we  
Go on trips, buy me gifts  
And all those things that she needs  
It ain't my fault that you don't do  
All those things that I do  
He's calling me  
He's making you look like the one who's a foolRepeat 1 (2x)I don't wanna hear that you're only for me, oh no  
And I, I don't want to be in her shoes, oh no need  
So you just keep satisfying my needs  
And I won't interfere with your girl and your world  
And I will be right here  
(As long as I get mine)  
(As long as I get mine)Repeat 1 (4x)
