

Tight Like That

Billy Hancock

I woke up this morning, put on my Sunday shoes, I
A don't ask me why it's just the nature of my grooves
I larged down the boulevard came under attack
A but I rocked them senseless
'Cause honey it's tight like that, good going
Well, I hung a left down to Le Mans' avenue
A stagger Lees everywhere, trying to bring me doom, oh no
And that old scratch he tried to purchase this soul
A that don't confront me
'Cause I'm never in the need of a payroll, heck, yeah
Amen, do it all again, rock my soul in the bosom of Abraham
Spit shine and a three piece suit
Good Lord I got to thank you 'cause you do it like you do
Hallelujah, all the people in the back, Hallelujah, it's tight like that
Hallelujah, all the people up front, tight like that, rapture, rock
Tight like that, hey honey it's tight like that
Honey it's tight like that, hey honey it's tight like that
And all you know-it-alls with politic views
Oh ideals don't situate themselves in his grooves

So if you wanna know, you just got to ask
But if you don't a-lose that skin
You'll never be tight like that, watch me work now
Amen, do it all again, rock my soul in the bosom of Abraham
Spit shine and a three piece suit
Good Lord I got to thank you 'cause you do it like you do
Hallelujah, all the people in the back, Hallelujah, it's tight like that
Hallelujah, all the people up front, tight like that, rapture, rock
Tight like that, hey honey it's tight like that
Honey it's tight like that, hey honey it's tight like that
And don't try to sell me your new age guru troubles
A 'cause I'm already reeling doing that good time gospel shuffle
And all your thumpings about your Armageddon
Ain't no big deal, 'cause I already hang with him
Oh yeah, tight like that, honey it's tight like that
Honey it's tight like that, honey it's tight like that
Can I get a witness for the rock of ages, for the rock of ages
Can I get a witness for the rock of ages, for the rock of ages
