

Place Out On The Ocean

Jamey Johnson

Hangin' with the two-bit ladies, soakin' up the Florida sun
Ridin' in a new Mercedes
Wondering if I ever did anything to have this much fun
I hope I'm sane by the time I'm done
'Cause it's a different horizon
It's a paradise I find that sets me loose, ain't it the truth
It's a place out on the ocean, it's a mansion with a view
But all that I can think about is you
I been riding down a two-lane highway for pretty much all of my life
Trying to do things my way
Wondering if I'll ever get anywhere but where I came from
I hope I'm sane by the time I'm done
'Cause it's a different horizon
It's a paradise I find that sets me loose, oh ain't it the truth
It's a place out on the ocean, it's a mansion with a view
But all that I can think about is you
