Come Back To Bed

Trent Tomlinson

Baby I don't care that your hair is soakin' wet
Just drop that towel there on the floor
You're lookin' so good all watery skin
You're makin' me want you all over again
So climb on in
What do you say?
Hey let's make the mornin' last all dayCome back, come back
Come back to bed
Don't you even think about gettin' dressed
I ain't done lovin' you yet
Baby come back to bedMight have been an inch of you I might have missed
I think there's a part of you I didn't kiss
And it'd sure be a shame if I let the sun
Take you away girl before I'm done
and I ain't done
I can't get enough
Hey I've been missin' you baby since you got upCome back, come back
Come back to bed
Don't you even think about gettin' dressed
I ain't done lovin' you yet
Baby come back to bedBaby come back
Lay down - right here
Just let me put my hands on you everywhere
You know I want you
Don't go anywhere
You ain't goin' anywhereBaby come back, come back, come back to bed
Don't even think about gettin' dressed
I ani't done lovin' you yetBaby come back, come back, come back to bed
Don't you even think about gettin' dressed
I ani't done lovin' you yet
Baby come back to bedNo I ain't done lovin' you yet
Baby come back to bedBaby come back to bed
