

# Monosyllabic Girl

**NOFX**

I take her to the aquarium, she says, "Shark"  
I take her to the planetarium, she says, "Dark"  
I take her to the seaside where she likes to spin and twirl  
Now she says, "Sure" and "Cool" and "Yeah"  
She's my Monosyllabic girl I take her to the university, she says, "Huh"  
I take her to our anniversary, she says, "One"  
I take her to the jewelry store, I said, "Diamonds", she said, "Pearl"  
Oh, everyone knows I'm in love with a Monosyllabic girl  
You know everyone knows I'm in love with a Monosyllabic girl
