Heat Miser

House of Large Sizes

It's time to begin
My rope is growing thin y'know
I've had a long long day
But I finally recognize
That those shirts, they ain't my size
Let's get together in the
I've got a lot to say
I...
Lonely
I know where you're comin' from
Homely
What only a mother could love
Let's take a little spin y'know
Through thick and thin
Deep, deep, deeper every day
But I finally recognize
That you ain't my type
Let's do it in the
I've got a lot to say
Um...
Lonely
I know where you're comin' from
Homely
What only a mother could love
Now we must begin
As I said my, my rope is growin' thin y'know
I think it's time to calm this sucker down
I hope you recognize
That those shirts, they ain't my size
Let's get together some
I've got a lot to say
I, uh...
Lonely
I know where you're comin' from
Homely
What only a mother could love
Aw...
