

# Down

## SafetySuit

I sat by the phone today  
Waiting for you to call, so I  
Could pick it up and say hello to you  
And you would say hello to me  
(Just like my dreams)dIs there a reason why youre gone?  
I didnt mean to be so wrong  
And I tried so hard to be the best that I could be  
But still it seems I always end up aloneIs there something inside me that I dont see?  
Is there something wrong here with the way I love?Down, you cant hold me down  
Cause when no one is around  
I won't be standing here  
Just waiting for you to come back home againDown, you cant hold me down  
Because I finally understand  
That what you did is not so bad  
In fact its better for meDid I not give you enough room  
Was I overtaking you  
And did my love for you just blind me from  
What I was doing wrong?  
(I never meant you harm)Or was I not good enough for you  
Is that the reason why were through  
Was I not half the man you thought that I would be  
But now you see?  
Is that why you leave me?  
Is that why you leave me?Is there something inside me that I dont see?  
Is there something wrong here with the way I love?Down, you cant hold me down  
Cause when no one is around  
I won't be standing here  
Just waiting for you to come back home againDown, you cant hold me down  
Because I finally understand  
That what you did is not so bad  
In fact its better for meAnd Lord knows I try  
To bring back my dreams  
Cause I held onto yours for so long  
That I couldnt hold my ownDown, you cant hold me down  
Cause when no one is around  
I won't be standing here  
Waiting for you to come back home to meDown, you cant hold me down  
Because I finally understand  
That what you did is not so bad

In fact its better for me  
Down, down, you cant hold me down again  
You cant hold me down  
Down, you cant hold me down again
